

EXTENSIONS OF REMARKS

EARMARK DECLARATION

HON. SHELLEY MOORE CAPITO

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 28, 2009

Mrs. CAPITO. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3326—Department of Defense Appropriations Act, 2010.

Awarded under: RDTE

Alcan Aluminum Armor Project, Alcan Rolled Products Ravenswood, PO Box 68, Ravenswood, WV 26164

Funding will go towards developing advanced armor more resilient against attacks, providing troops in the field with better protection.

Awarded under: RDTE,A

Direct Carbon Fuel Cell, DCFC for DoD L.C.N College of Engineering/ECE Dept. 405 Fayette Pike Montgomery, WV 24136

To develop a portable power generating system with a fuel processor that is capable of extracting carbon from coal

Awarded under: RDTE,A

Project National Shield Integration Center, Mid-Atlantic Technology Research and Innovation Center, 3200 Kanawha Turnpike, Charleston, WV 25303

The purpose of the PNS program is to establish a nationally integrated system-of-systems framework that can effectively protect the nation against terrorist attacks and provide an effective collaborative system of command, control and communications that will assist any effected region of the United States to deal with the effects of natural or man-made disasters on our population and critical infrastructure.

GENERAL LEAVE STATEMENT ON
H.R. 2920—CONSIDERED 7/22/2009
THE STATUTORY PAY-AS-YOU-GO
ACT OF 2009

SPEECH OF

HON. GARY C. PETERS

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2009

Mr. PETERS. Mr. Speaker, I rise today as a proud co-sponsor of H.R. 2920, the Statutory Pay-As-You-Go Act of 2009. This important legislation will establish mandatory "pay-as-you-go" budget discipline, rein in deficit spending, and reduce the national debt.

This bill requires Congress to offset the cost of increases in most mandatory spending or tax cuts with savings elsewhere in the budget to avoid increasing the national budget deficit. If the net effect of legislation enacted during a session of Congress increases the deficit, there would be an across-the-board reduction in certain mandatory programs. This fiscally

responsible legislation includes carefully crafted, necessary provisions allowing Congress to take emergency action exempt from PAYGO rules in response to extreme circumstances such as war, economic crises, or other emergencies.

Establishing a pay-as-you-go law is critical to restoring fiscal responsibility and balanced budgets to Washington. We need targeted, responsible investments to get our economy back on track, but Congress must be required to determine how it will pay for new proposals. Pay-as-you-go legislation will ensure that Congress determines how to pay for new initiatives by searching out and cutting waste throughout the budget.

In the 1990s, pay-as-you-go budget discipline was enshrined in law and it led to record budget surpluses. After PAYGO was originally codified in 1990, total federal spending as a percentage of GDP decreased each year from 1991 through 2000. After Congress let PAYGO expire in 2002, projected surpluses of \$5.6 trillion were transformed into record deficits. Passing the Statutory Pay-As-You-Go Act of 2009 will require Congress to make the tough choices necessary to get unacceptably high budget deficits under control and avoid passing today's costs onto our children, grandchildren, and future generations.

I am proud to support the Statutory Pay-As-You-Go Act of 2009 because it is grounded in fiscal discipline and responsibility. Families make tough budget choices to live within their means, and the government should be forced to do the same thing. I urge passage of the Statutory Pay-As-You-Go Act of 2009.

EARMARK DECLARATION

HON. JOHN M. MCHUGH

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 28, 2009

Mr. MCHUGH. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3326, the Fiscal Year 2010 Defense Appropriations Bill.

Requesting Member: JOHN M. MCHUGH

Bill Number: H.R. 3326

Account: Defense Health Program

Legal Name of Requesting Entity: Fort Drum Regional Health Planning Organization (FDRHPO)

Address of Requesting Entity: 120 Washington Street, Suite 302, Watertown, NY 13601

Provide an earmark of \$430,000 to enable the FDRHPO to hire the necessary staff and conduct the required assessments. The health care delivery model for federal beneficiaries at Fort Drum is unique as the only MEDDAC with a division and no inpatient capabilities. The model is a military-community partnership that joins the Army medical treatment facility with community providers to augment the medical

treatment facilities primary care capability with specialty care and inpatient services. Through ongoing collaboration of the FDRHPO, access to quality health care will continue to improve, costs will be reduced, communication will continue to increase, additional resources will be leveraged and innovated cooperative health care arrangements and agreements will be tested.

Requesting Member: JOHN M. MCHUGH

Bill Number: H.R. 3326

Account: Research and Development, Air Force

Legal Name of Requesting Entity: Clarkson University and ITT

Address of Requesting Entity: Clarkson University (8 Clarkson Ave., Potsdam, NY 13699) and ITT AES (474 Phoenix Drive, Rome, NY 13441)

Provide an earmark of \$4,000,000 for Cyber Attack and Security Environment (CASE). Operating effectively in cyberspace requires a Cyber Command and Control (CC2) system to synchronize cyber attack operations, facilitate analysis of attack results including measures of effectiveness, and deconflict friendly use of cyberspace. The objective of ITT's proposed effort is to conceptualize and demonstrate the technologies necessary to systematically coordinate, plan, and execute offensive cyber campaigns; determine effects associated with an offensive cyber weapon; monitor/evaluate events that occur in cyberspace; and ultimately achieve situational awareness of cyberspace with an overall goal of achieving dominance within that critical realm. Alpha and beta testing throughout the lifecycle of this project will occur at a secure military installation in upstate New York. A significant partner in this effort is Clarkson University through its complex networks group, its biometrics group, critical electric power/large scale systems faculty, and cryptographic protocol analysis researchers, who will provide subject matter expertise and project research. The results of the CASE effort will help form a strategic partnership between AFRL Rome and Air Force's Global Cyberspace Integration Center (GCIC) located on LAFB, VA. The addition of funding in Fiscal Year 2010 for CASE will help demonstrate the technologies necessary to systematically coordinate, plan, and execute offensive cyber campaigns while maintaining defensive continuity.

Requesting Member: JOHN M. MCHUGH

Bill Number: H.R. 3326

Account: Research and Development, Navy
Legal Name of Requesting Entity: Trudeau Institute

Address of Requesting Entity: Trudeau Institute, 154 Algonquin Avenue, Saranac Lake, NY 12983

Provide an earmark of \$2,000,000 for the U.S. Navy Pandemic Influenza Vaccine Program: Enhancement of Influenza Vaccine Efficacy. Prevention of seasonal and pandemic influenza remains a significant unmet need for the US armed forces. Influenza in active duty personnel and dependents compromises force readiness and impacts training. The funding
